Aerobic Schedule
Effective: July 15th - Sept 5th

Step Circuit: A step workout mixed with muscle conditioning. We will alternate step with different muscle groups for 40 minutes and end with abdominal work.

Muscle Sculpt: A class that emphasizes muscle development to shape and mold muscle groups giving a full body workout.

Power Pump / Power Hour: This class is set up for all levels & ages, work each muscle group at your own pace - with your own weight. Class will tone each muscle group for about 3-4 minutes then switch to the next muscle group.

Yoga: Yoga is a psycho-physical discipline that focuses on posture, breathing, and meditation. The class will improve physical fitness, mental clarity, greater self-understanding, stress control, & general well-being. This class is for all skill levels.

*Please notice we offer both Basic, Intermediate, and Ashtanga (or advanced) classes.

Ashtanga Yoga: A set series of advanced poses starting with two different Sun Salutations. It sequences from standing poses to seated poses interspersed with vinyasas (more sun salutations). This is an advanced class!

Power Yoga: A more intense yoga class that keeps your heart rate moving through various yoga poses. (30 minute class)

Cross-Training Challenge: Join this great Saturday morning workout! A rotation of different instructor will lead this cardio/toning class from week to week- this is a great way to add cross-training into your workout routine. Classes will consist of toning, step, and cycling.

**Check out the class schedule on the Health & Fitness board to see what type of class will be taught from week to week!!*

Pilates: An abdominal, low back, and glutes exercise class that focuses on breathing, flexibility, posture, muscular strength and muscular balance.

Instructors choice: A complete aerobic workout which may be kickboxing, circuit, or step exercises mixed together with muscle burning toning exercises for a complete body workout. This class gives you the ability to work at your own pace which is great for anyone.

Butts N' Gutts: Great 30 min. class over the lunch hour that works your entire body with muscle toning and core exercises.

30/20/10: This great class is a complete mix of cycling, toning, and core work. The class will move through 30 minutes of cycling, followed by 20 minutes of toning exercises, and finally ending in 10 strong minutes of core work. Great workout for all levels!

Happy Hour Basics: A 60 minute workout structured for the beginner level participant. This is cardio plus toning.

Kickbox Circuit: An hour workout structured for the person looking for a different type of class utilizing punching and kicking combinations along with toning exercises. The kickbox circuit class will intermix cardio kickboxing moves and toning.

Aerobic Mixer: This class will give you a great aerobic workout. If you get bored easily, this is the class for you - it will incorporate many different styles of aerobic exercises. Build up a sweat with his hour cardio workout!

Boot Camp: One hour of intense cardio exercises from kickboxing to bosu step; while also focusing on muscle toning through hand weight & band exercise, and utilizing gliders for leg strength.

N.O.W. "No Opportunity Wasted": This 30 minute class is perfect for anyone who is cut short for time and looking for a fast workout. No excuses means 'No Opportunity Wasted', especially with this class of intermixed cardio, core, and strength conditioning.

Cycling: This class uses Lemond group cycling bikes and is designed to take you through several different training regiments to increase your cardio endurance. Limit of 10 participants per class.

Chair Yoga: This class is designed for people who want a good stretch but don't want to get down on the floor. Gentle upper and lower body stretches - ideal for people with arthritis or other joint problems.

M&M (Miles & Muscle): This class is designed for our wonderful Older Adult crowd! Come enjoy some fun walking, balance work, and light muscle toning. Invite a friend to join in!

So Hard Core: This class is designed for men and women and will include muscle work for the core and flexibility moves.

SilverSneakers^(R) Muscular Strength & Range of Motion: Move to the music with a variety of exercises designed to increase muscular strength, range of motion, and activity for daily living skills. Hand-held weights, elastic tubing with handles, and a ball are offered for resistance, and a chair is used for seated and/or standing support

Mommy to Be: Light but fun workouts for the expectant mother. Light cardio and weight lifting combined with stretching and yoga type moves is perfect for those soon to be Mommies.

• All classes are between 30 & 90 minutes in length & are located in the Aerobic Studio, unless otherwise specified (8:30 Saturday class is 1 1/2 hour long class).
